REGISTRATION FOR THE NEW APPLICATION CYCLE

Premed and predent students applying in 2018 must register with the Health Professions Recommendation Committee no later than April 1 to receive the support and letter of recommendation from our office and committee. The link to register is here. Be sure to start this early and aim for registering by late March.

PREDENTAL STUDENTS

If you are applying in the regular application process this coming summer or if you are a sophomore applying through the Early Assurance program, attend the Predent Applicant Meeting and Info Session on Tuesday, February 27, 4:30 PM in Dowling 730A.

VOLUNTEERING

Did you know we have a listing of about 75 local volunteer opportunities on our website? Think outside of the box and don’t do what every other premed does.

SUMMER INTERNSHIP

Cohen Children’s Medical Center (CCMC) in the NY metro area Clinical research internship positions are now available in 7 different pediatric divisions – providing students with a range of options in terms of minimum time commitment, clinical focus, and ambulatory vs. in-patient setting.

- Developmental & Behavioral Pediatrics
- Hospital Medicine
- Infectious Disease
- Nephrology
- Pulmonary
- Allergy & Immunology
- Quality & Safety

Students may apply for an internship position in any or all of the 7 sub-specialty areas. Here is a “common application” for each internship program, though the internship programs do vary in terms of which additional supporting materials are requested.

The application deadline for the different internships vary; the earliest deadline is Monday, February 26th. Students are strongly encouraged to apply early. Students will be notified of their application status within 4 weeks of the application deadline.

JOB/POSTGRAD OPPORTUNITY

I. Confer Health is an early stage biotechnology company committed to creating medical devices that would provide access to clinical-grade testing at home. Beginning in June of 2018, we will be launching a Clinical Accelerator Program at Confer Health, where six recent graduates will have the opportunity to learn the ins and outs of the IRB and FDA clinical trial process, clinical skills such as vitals and phlebotomy, as well as have the opportunity to interact and learn from our scientists and founders of the company.

II. Clinical Research Coordinator in gynecologic oncology at the Dana-Farber Cancer Institute. Carol, Stephanie and Amanda

Physician Assistant Program

Masters in Medical Science Information Session Presentation followed by Q&A Wednesday, February 28th, 2018 4pm-6pm Wolff Auditorium, Tufts Medical Center 800 Washington Street, Boston

Online Appointments

The pre-health advisors are now using online appointment scheduling. Students and alums may still call 617-627-2000 during business hours or go online to schedule an appointment. New slots are posted each Wednesday evening for the following week.

Schedule a Meeting with Carol

Schedule a Meeting with Stephanie

Students who fail to cancel an appointment within 24 hours and do not show up will not be allowed to make a second appointment that semester.
