We are proud of the many accomplishments of our 56 internship grant recipients, and would like to thank our generous grant donors who have made these enriching and vital opportunities a reality for students.

Ten interns were funded through the AS&E Diversity Fund; 32 students interning in the non-profit/public sectors were funded through the Omidyar Endowment; three were sponsored by alumnus Matt Sabel, one by alumnus Richard Abrams, and one through the Maxwell Burstein Endowed Fund (all through the Entrepreneurial Leadership Program); 3 were sponsored by alumnus Kambiz Shahbazi through the International Student Grant Program; two by alumnus Richard White; one by alumna Julia Gerstein; 2 through the Robert J. Donovan Memorial Fund; and one through the Friends of Molly Glynn Fund.
