

Tufts University – School of Engineering
Class of 2024
Bachelor of Science (BS)
School of Engineering Requirements shown in italics
** Courses that require a letter grade (i.e., no pass/fail)*

The BS (no major) comprises credit requirements and course requirements as established by the School of Engineering. Students must satisfy the SOE requirements listed in the Credit Requirements box, as well as fulfill all course requirements. SHU values listed for each course requirement reflect those associated with the corresponding Tufts course. Unless otherwise noted, course requirements may be satisfied with transfer courses having SHU values that are different than those shown here. In all cases, students should enter the SHUs received or earned in the correct SOE-Attribute column for a given course requirement to ensure they meet the credit requirements. For planning purposes, students completing the BS (no major) requirements with Tufts courses will earn at least 120 SHU.
