

For an explanation of the Distribution requirements, see the Tufts [Bulletin](#). For courses not appearing in the list of approved courses, you must fill out this form. The committee strongly urges not to wait until the last semester of the senior year at Tufts for the submission of petitions.

Submit to the Chair of the Distribution Subcommittee, either as hard copy or PDF by email.
All completed forms for 2019-2020 should be submitted to:

George Ellmore, Chair of the Distribution Subcommittee of the Academic Review Board (ARB), Department of Biology, Robinson Hall 369. Email: george.ellmore@tufts.edu

- Before petitioning, students should view the [SIS Course Catalog](#) to see if the course has already been approved, or if similar courses have been approved in the past:
 - For *Course Career* select "AS&E Undergrad"
 - For *Course Attribute* select the appropriate LA Undergrad Req. (e.g. Distribution)
 - For *Attribute Value* select the specific requirement (e.g. Math or Natural Science)
 - Then select the appropriate *Course Subject* to view courses meeting the requirement
- Complete the distribution petition form and include the supporting documents listed below. Keep a copy of everything for yourself.
- Follow up with the Distribution Requirements Subcommittee Chair regarding the status of your petition
- After your petition has been signed, pick it up from the contact person, make a copy for your records, then bring it to the Student Services Desk in Dowling Hall. It is imperative that your petition reach the Student Services Desk at Dowling Hall, since this is the official record of the approval of your petition.

NOTE: Petitions submitted after April 15th may not be considered until the Fall semester.
